SKILLS React, Redux, JavaScript, Python, Express, Flask, Sequelize, SQLAlchemy, PostgreSQL, HTML, CSS, SQL, Git

PROJECTS

Rocket Pilled (React, Redux, Flask, Python, Flask, SQLAlchemy, HTML5, CSS3)   Live Site | Github

A match-making web application where Rocket League players can create teams with each other, post matches, and compete head to head to earn experience points and climb the leaderboards.

- Designed the entire web application with **custom css** in order to provide a fluid and snappy **user interface**.
- Utilized **Redux** to organize and keep track of data from the **backend,** improving the application's overall performance.

Hangers Academy (Python, JavaScript, React, Redux, CSS3, Flask, SQLAlchemy, HTML5)   Live Site | Github

A chat-based web application inspired by Discord, built with React, Redux, Python, Flask, HTML5, and CSS3.

- **Communicated** effectively with three peers in a **team environment** in order to efficiently delegate tasks.
- Interpreted **SQLAlchemy** documentation to maximize interaction efficiency with the database.

BingusBnB (React, Redux, Express, Node, JavaScript, Sequelize, CSS3, HTML5)   Live Site | Github

An AirBnB clone built with React, Redux, Express, HTML, and CSS.

- Connected a **React** frontend to an **Express** backend, applying **Redux** to ensure validation of data.
- Leveraged **Git** workflow in order to keep work organized and easily trackable.

EXPERIENCE

La Finca Coffee & Bakery   **Frisco, Texas**
Barista / Food Runner / Busser
November 2021– March 2022

- Delivered food and drink items to > 300 customers daily, ensuring 94% customer satisfaction.
- Educated customers daily on coffee origins and processes, forming a strong bond between employee and customer.

Pie Five Pizza Co   **Allen, Texas**
Shift Lead
January 2019– November 2021

- Resolved customer complaints by effective communication, and strengthened the company connection with the community.
- Cultivated a successful night shift by ensuring a maximum amount of resources was available to their disposal.

Team Member
February 2018– January 2019

- Provided high levels of customer service during high volume and fast paced operations.
- Took initiative to maintain a clean and organized environment, resulting in a streamlined flow of customers.

EDUCATION

App Academy   **Online**
Curriculum of Study in Web Development (Javascript and Python)   August 2022 - January 2023

- Robust 1000-hour full stack software engineering course with <5% acceptance rate.
- Course included: Javascript, Data Structures and Algorithms (DS&A), Object Oriented Programming (OOP), Test Driven Development (TDD), Express, Sequelize, React, Redux, Python, Flask, SQLAlchemy, and system architecture.

Allen High School   **Allen, Texas**
Diploma   Class of 2020
